

**Source:** Here was a file lost off from my records –

A screenshot of a Notepad++ window titled "D:\Downloads\freshInstallSteps - Original.txt - Notepad++". The window shows a plain text file with 23 lines of text. The text describes a procedure for a fresh Windows 10 installation, listing various tasks to be completed, such as turning off Homegroup, OneCloud, and setting up quick access links. The status bar at the bottom indicates "Normal text file", "length: 853", "lines: 23", "Ln: 23", "Col: 1", "Pos: 854", "Windows (CR LF)", "UTF-8", and "IN".
